**Open the Game:** Launch the Coin Master app on your device. **Check the Spin Icon:** Look for the spinning wheel icon in the lower-left corner of the screen. It usually has a number on it indicating the available spins.

**Tap the Icon:** Tap on the spinning wheel icon to access the slot machine. **Claim Daily Spins:** You'll often receive a set number of free spins every day. These are usually the easiest to claim. Just open the game daily, and the spins will be added automatically. **Watch Ads:** Sometimes, you can watch advertisements to earn additional spins. Look for an option like "Watch Ad for Spins" within the game. **Invite Friends:** You can invite friends to play Coin Master. If they accept your invitation and start playing, you may receive bonus spins. **Complete Events or Challenges:** Keep an eye on special events or challenges within the game. They often offer rewards, including spins, for completing certain tasks. **Wait for Gifts:** Occasionally, Coin Master sends gifts to players. These gifts can contain spins, among other things. **Buy Spins:** If you're willing to spend real money, you can purchase spins through in-app purchases.

Remember, the availability of these methods may vary, and the game developers may introduce new features or change existing ones. Always make sure to play responsibly.
